welcome to the NHL playoff predictions 2011. as always you are welcome to give your predictions or thoughts.

Canucks vs. blackhawks: the vancouver canucks are the presidents trophy winners and a sedin has won the scoring championship. and it's thier turn to finally beat the blackhawks and not only that, they are pretty much guaranteed to win the stanley cup. Um... no thier not.

winner: chicago blackhawks in 7 games. who knows what will happen but i'll take the defending stanley cup champions over the canucks any time.

sharks vs kings: the sharks want to be winners and they are. the kings are not winners. the sharks have awesome goalie anti niemi and a great team that needs to win this series. sharks in 5 games.

red wings vs coyotes: mike modano has been scratched by detroit which tells you the red wings are good to go. the coyotes will be destroyed by the red wings 4 games straight.

predators vs ducks: hard to handle but we like the ducks around here.teemu selanne is the man. 9th in the NHL in scoring. expect jonas hiller to play well. ducks in 7 games over preds

capitals vs rangers: rangers for the win. washington thrown into turmoil. the rangers win with goaltending and youth that doesn't care and is feeling it. the rangers destroyed the caps during the regular season series. john tortorella is taking care of businesss. the rangers were 29-0 this season when leading after the 2nd period. that's money for an upset. rangers in 7

lightning vs penguins: another upset calling lightning over pens. no sidney crosby and malkin means the lightning strike for a 6 game romp over PA.

canadiens vs. bruins: taking the canadiens in 7 games. pk subban,carey price the heroes.predicting goaltending let down for bruins tim thomas. expect to see rask in net sometime.

flyers vs sabres: taking the flyers in 6 games. buffalo just doesn't do it for me.flyers want the cup
